

LISTENING & SPEAKING PRACTICE

PARTNER INTERVIEWS WITH WEATHER FORECASTS

DIRECTIONS: This activity is going to combine all elements of LSRW – *listening, speaking, reading, and writing*. Listen to the following instructions as Mr. Minot explains them outloud:

STEP 1: Pick a partner in the class. Decide who is going to work on Side A and who will work on Side B.

STEP 2: Using *el modelo* as an example, write out the **day of the week**, **the weather expression**, and **the temperature** each for #1 through #5 on your sheet.

STEP 3: Pair up with your partner and if you are assigned Side A, ask them the **three questions** written in the boxes below (*¿Qué día es hoy? ¿Qué tiempo hace? and ¿Cuál es la temperatura?*).

STEP 4: Your partner should respond using their answers that they've already written on the top of Side B. You must listen to your partner's responses in Spanish and circle the correct answers on the bottom of your page (on Side A) according to what they said!

STEP 5: Switch roles with your partner and then answer his or her questions based on your sentences on Side A. Your goal is for you and your partner to practice **SPEAKING and LISTENING skills in SPANISH** and to correct interpret your partner's weather forecast!

WEATHER FORECASTS (SIDE A)

MODELO: SUNDAY, COLD, 50 DEGREES. HOY ES DOMINGO. HACE FRIO. LA TEMPERATURA ES CINCUENTA GRADOS.

- 1) THURSDAY, SUNNY, 88 DEGREES _____
- 2) TUESDAY, WINDY, 81 DEGREES _____
